## **FAQ's**

### **Do many people travel alone?**

Yes. Lots of people who go to Thailand are travelling solo. But by doing Thai Intro you'll be part of a group, so it's a great way to meet and make friends!

### **When is the best time to visit Thailand?**

The great thing about Thailand is it's usually quite hot all year round, so it's great to go at any time. There is a slightly higher chance of rain around October and November, however it usually only rains for an hour or so which can be a nice relief from the heat.

### **How much spending money will I need?**

All your activities, accommodation, transport and some meals are included, so you'll just need money for any extra meals, drinks, shopping and any onward travel. We recommend you bring at least £500 / \$800 spending money.

### **How will I access money while I'm away?**

It's best to take a Visa or Master Card debit, credit or travel money card. There are ATM's available throughout Thailand so it's easy to get access to cash. Some places accept credit card but not all.

### **Is there Wi-Fi throughout the trip?**

All accommodations we stay at have free Wi-Fi available. Thailand's network quality is often lower than you're used to but you can generally connect and do basic stuff.

### **What luggage do you recommend?**

We always recommend travelling with a backpack and packing light! 10-20kgs of stuff should be plenty. It's generally quite hot in Thailand so dragging around a huge suitcase is not much fun. There is luggage storage at the airport or at some accommodations if needed.

### **What plugs do they use in Thailand?**

Thailand generally uses a flat or round 2 pin socket the same as most of Europe. It's always best to grab yourself an appropriate adaptor if needed before you go.
